

Electric Toilets

Deluxe Flush Toilets

The Deluxe Flush range is Jabsco's newest offering to the top of the range electric toilet market. This range is now complete with the new 14" and existing 17" electric toilets.

The stylish and extremely compact design is carefully contoured to conceal the flush pump, wiring and plumbing, whilst still featuring a full-size household seat. Both 14" and 17" electric toilets are offered in a choice of a slant back or a straight back. The slant back version gives a minimal footprint and makes it easy to mount against a sloping surface or in a corner. The straight back version allows snug fitting against a vertical bulkhead. The toilets feature a NEW multifunctional 'one touch' control pad which adapts to standard Geweiss and Vimar switch fascias.

FEATURES
