

Electric Toilets

Quiet Flush Toilets

Quiet Flush Toilets are a variation of the well proven and popular 37010 series electric toilet. Designed to radically reduce noise levels, Quiet Flush Toilets make life on board more comfortable for all crew members, even those sleeping.

Two versions are available, either for connection to the vessels existing pressurised water system or supplied with a remote mounted pump to use salt, river or lake water to flush.

FEATURES

- May be mounted up to 3ft - 1m below the water line with proper plumbing to prevent flooding.
- Both models feature a powerful macerator discharge pump that breaks up waste and evacuates the toilet.
- Both models are supplied complete with 6ft - 2m of white hose to neatly connect the inlet bowl fitting to either the solenoid valve/syphon breaker assembly or inlet pump.
- Available in regular or compact bowl sizes.
- Hygienic, pure white vitreous china bowl for easy cleaning.
- Complies with USCG 183.410 and ISO 8846.
- MARINE - Ignition Protection.

QUIET FLUSH ELECTRIC KITS

Build your own Quiet Flush Toilet using existing Jabsco 37010 Series Toilets or any manual or electric toilet bowl with bolt fixing on a 3³/₄ " - 95mm diameter circle, to upgrade to Quiet Flush operation. The same options are available as the complete toilet for fresh or salt water flush.

1. Three way cycle control panel allows the operator to select a normal flush and drain cycle or to lower or raise the water level.
2. 37255 series are supplied with a remote mounted quiet running flush pump for use with salt, river or lake water. Complete with PumpGuard™ strainer.
3. 37055 series are supplied with a solenoid valve and syphon breaker assembly for connections to any existing pressurised pump of 3.5 - 13.5 lpm or more.
